## Flex Membership Details

Flex Memberships allow you to book at different times each and every week. In other words, you can design your playing schedule as you need and play when you want. As a Flex Member, you gain access to our internal online booking platform where you can search available time slots and book accordingly up to 2 weeks in advance. This means you can book with any number of people in your group, and if you want to book time over your weekly limit, you can do so by paying the difference. When booking with another Flex Member, your time stacks on to allow for more time in the simulator.

## Group Membership Details

Group Memberships allow you to lock in a time slot each and every week. In other words, you can guarantee your group stays and plays together for the entire duration of the membership. As a Group Member, you are limited to the time slot chosen at the beginning of your membership. If you want to book time over your weekly limit, you can do so by paying the difference as long as there is time available on the schedule. Each Group Member is considered an individual member and gains access to a MyTrackman account along with all the other benefits of having a Membership.

## General Details

All Memberships start on the specified date indicated on the Membership Agreement. The end date of memberships can be chosen at the time of purchase or can be ongoing monthly. The Membership Agreement details all the rules and regulations each member must follow.

There are limits in the time available each week, for example, Prime Hours (Thurs-Sat from 6pm-Close) are off limits and are reserved for walk-ins and special events.

Members can bring any number of guests, all of whom must sign in with a staff member. You are responsible for your guests and assume all responsibilities as stated in the Membership Agreement.

All members have the option to participate in our weekly Leagues (Men's and Lady's). This is an exciting way to compete against fellow members and win various prizes and rewards from the bar and the merch store. This payment is made in cash each week.

Club Storage is another optional service that we provide. It's not fun to haul your golf clubs downtown in a snow storm every week, and so we have a full service secure locker room for all our members to store clubs and bags. This option can be added on to the total of your membership fees at the time of payment.
